

DEPARTMENT OF PUBLIC WORKS CAPITAL IMPROVEMENT PROGRAM

110 WESTERN AVENUE • FRAMINGHAM, MA 01702

BLACKBERRY LANE SEWER PUMPING STATION - NEIGHBORHOOD MEETING THURSDAY, MARCH 11, 2021, 6 P.M.

For Meeting Information: <http://www.FraminghamMA.gov/Blackberry>

Project Need: The Blackberry Lane Sewer Pumping Station is being upsized to accommodate the increased wastewater flows from the development at 175 Millwood Street. The developer of the Millwood Project is funding these improvements.

The Blackberry Pump Station Improvements Project includes installation of a new pump system, new valve chamber & wet well structures, electrical upgrades, abandonment of the existing dry well, temporary relocation of approximately 60 feet of water main, relocation of approximately 300 feet of drainage and pavement restoration of affected areas. Daily road closures for this project will be in effect.

Consultant: Weston and Sampson

Contractor: RJV Construction Corp.
